

POLICY, PROCEDURE, AND EMERGENCY ACTION PLANNING SERVICES

CONSULTATION ♦ EDUCATION ♦ COMPLIANCE

POLICY, PROCEDURE, AND EMERGENCY ACTION PLAN DEVELOPMENT & CONSULTATION

All organizations, institutions, and personnel involved with sports, regardless of whether or not they are a healthcare professional, share both a **professional and legal responsibility** to ensure guidelines are in place to manage any situation or emergency that could arise. Policies, procedures, and emergency action plans (EAPs) **enhance the structure of athlete health and safety** areas and topics as well as the consistency of actions by all parties involved.

USCAH understands that the development, and subsequently the review process of policies, procedures, and EAPs can be a daunting task and many individuals may not know where to start. USCAH can guide you in developing policies, procedures, and EAPs for your organization, and provide feedback on existing documents. Additionally, our one-of-a-kind guided **Policy and EAP Customization Tool** designed by athletic healthcare professionals, houses **more than 60 templates with 15+ templates being related to emergency preparedness and EAPs** that have been extensively researched and continually updated to align with:

- Athlete Health and Safety Best Practices
- Current Position Statements
- Governing Body Recommendations
- Up-To-Date Medical Community Recommendations

Template categories include:

- Athlete Health, Safety, and Wellness
- Diversity, Equity, and Inclusion in Healthcare
- Emergency Preparedness
- Mental Health
- Healthcare Services and Facilities
- Activity management

COMMIT TO THE HEALTH, SAFETY, AND WELLNESS OF YOUR ATHLETES
